

This model of our fixed-screen category evokes contemporary charm and quality. The concept underlying the modern design of the Prestige project focuses on regular, essential geometric forms. Prestige distinguishes itself through its black, ultra-slim, technologically revisited aluminium frame of only 10x6 mm in thickness, of extreme linearity, expressing the latest taste in the LED OLED monitors market.

To meet the needs of our Customers, this model can be fitted with a range of front-projection fabrics featuring a spring-tensioning system that ensures correct and constant tensioning.

To highlight certain details or to introduce an element of colour, Adeo Screen proposes the installation of optional LED back-lighting for a touch of illumination that lends warmth to the wall.

See page **83**  
for Technical data

RGB Led strip option ▲

#### Create your own screen with the PSS

- > **Personalized dimensions:** width and height
- > **Profile finish:** black powder varnished or with black velvet flock

#### Projection Surfaces (see page 6)

- > ReferenceWhite / ReferenceGrey
- > HeliosWhite
- > AmbientGrey
- > VisionWhite / VisionWhitePro
- > VisionAcoustik

#### Standard Accessories

- > Kit with wall-mount brackets
- > Kit containing springs and iron rods
- > For the assembly of the frame: angles complete with screws and nuts

#### Optional Accessories

- > Black velvet flock cover
- > RGB Led back lighting

#### Surfaces Fireproof Certifications

#### PSS Formats
